

Look to diversify your bond portfolio: bond sectors have performed differently over time

Growth of \$1 (1983-2021)

Source: Schwab Center for Financial Research with data provided by Morningstar, Inc. The chart illustrates the growth in value of \$1 invested in various bond sectors on 1/1/1983. Results assume reinvestment of dividends, capital gains, and coupons. The indices representing each asset class are Bloomberg US Credit Index (Corporate Bonds), Bloomberg US Agency Index (Government Bonds), Bloomberg US Corporate High Yield Index (HY Corp Bonds), Bloomberg Municipal Index (Municipal Bonds), and Ibbotson US 30-Day T-Bill (Treasury Bills). For illustrative purposes only. Indices are unmanaged, do not incur fees or expenses, and cannot be invested in directly. For additional information, please see [Schwab.com/IndexDefinitions](https://www.schwab.com/IndexDefinitions). **Past performance is no guarantee of future results.**

Disclosures

Investing involves risk, including loss of principal.

The information provided here is for general informational purposes only and should not be considered an individualized recommendation or personalized investment advice. The investment strategies mentioned here may not be suitable for everyone. Each investor needs to review an investment strategy for his or her own particular situation before making any investment decision.

Fixed income securities are subject to increased loss of principal during periods of rising interest rates. Fixed-income investments are subject to various other risks including changes in credit quality, market valuations, liquidity, prepayments, early redemption, corporate events, tax ramifications and other factors. Lower rated securities are subject to greater credit risk, default risk, and liquidity risk.

Tax-exempt bonds are not necessarily a suitable investment for all persons. Information related to a security's tax-exempt status (federal and in-state) is obtained from third-parties and Schwab does not guarantee its accuracy. Tax-exempt income may be subject to the Alternative Minimum Tax (AMT). Capital appreciation from bond funds and discounted bonds may be subject to state or local taxes.

Data contained herein from third party providers is obtained from what are considered reliable sources. However, its accuracy, completeness or reliability cannot be guaranteed. Supporting documentation for any claims or statistical information is available upon request.
