Important Information About Opening a New Account: To help the government fight the funding of terrorism and money laundering activities, federal law requires financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, you must provide your name, address, date of birth, Social Security number or Taxpayer Identification Number, and other information that will allow us to identify you.

An investor should consider the investment objectives, risks, charges and expenses before investing. This and other important information is contained in the TD Ameritrade 529 College Savings Plan ("Plan") Program Disclosure Statement which can be obtained at TDAmeritrade.com/collegesavings and should be read carefully before investing. An investor should consider, before investing, whether the investor's or beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's 529 plan. Investors should consult their tax advisor, attorney, and/or other qualified advisor regarding their specific tax, legal, or investment situation.
