Your Rollover Pocket Guide

1. Open a new IRA

Open a new TD Ameritrade IRA in one of two ways:
• Apply online
• Call 800-213-4583 to speak with a rollover specialist

If you already have a TD Ameritrade IRA, skip directly to step #2.

2. Fund your account

Contact the administrator of your previous employer-sponsored retirement plan to request the appropriate rollover forms. (Have a statement from your previous 401k plan and your Social Security card handy.) Then return the completed rollover forms to the administrator, asking for your retirement account funds to be delivered in one of these ways:

Direct rollover | wire
Request to have the funds wired into your TD Ameritrade account

Direct rollover | check
Request to have a check made out to “TD Ameritrade Clearing, Inc., FBO [YOUR NAME], [YOUR ACCOUNT NUMBER]”
• The check can be sent from the plan administrator directly to TD Ameritrade
• Or the check can be sent to you to deposit at a TD Ameritrade branch in person or by mail. Be sure to include a deposit slip.

Indirect rollover
Request that the plan administrator send you a check made payable to you
• You must deposit the entire amount that was in your 401k account into your IRA within 60 days of receipt to avoid IRS penalties
• Your plan administrator may withhold 20% for federal taxes
• You will need to make up this difference in your deposit or you may be subject to additional taxes and penalties
• You can make the deposit in person at a TD Ameritrade branch or by mail. Be sure to include a deposit slip.

For more detailed wire transfer and check mailing instructions, please see the next page.

Depending on your plan’s administrator, your funds can take anywhere from 5-20 business days from the date you request your rollover from your plan to be deposited into your TD Ameritrade account.
