

Caveat Emptor Restricted Securities

As of May 25, 2021, TD Ameritrade will restrict orders in Caveat Emptor designated OTC securities to liquidating trades only.

A Caveat Emptor security is a designation the OTC Markets Group places on a security after a determination was made surrounding the company that there may be potential risk to investors which include a questionable stock promotion, known investigation of fraudulent activity committed by the company or insiders, regulatory suspensions, or disruptive corporate actions, among other reasons.

The current list of Caveat Emptor restricted securities is below as of April 12, 2021 and is subject to change at any time.

Please visit www.otcm Markets.com for additional details and real time Caveat Emptor designations.
